The American Action Fund for Blind Children and Adults annually sponsors the largest scholarship granted in the United States to a legally blind person*. Dr. Jernigan, who was active in affairs of the blind for over half a century, taught that with proper training in the skills of blindness and a proper attitude toward blindness, any blind person can be as successful as a similarly situated sighted person. Finally, Dr. Jernigan taught that the real barrier to success as a blind person is the public's misconceptions concerning blindness, often shared and even affirmed by the blind themselves. The Kenneth Jernigan Scholarship is given annually to a legally blind student who exemplifies the fruits of Dr. Jernigan's teachings. The Kenneth Jernigan Scholarship is valued at \$12,000.

A scholarship program cosponsored by some 70 LULAC Councils who raise scholarship funds at the grass roots level which are matched nationally by sponsoring corporations. The League of United Latin American Citizens (LULAC), has considered education its number one priority since it was established in 1929. As part of LULAC's education efforts, the LULAC National Scholarship Fund (LNSF) was established in 1975 to provide scholarships to Hispanic students attending colleges and universities. Under the LNSF program, local LULAC Councils, in partnership with local and national businesses, award scholarships to students in their communities. Pride Foundation Scholarship

<http://www.pridefoundation.org/scholarships/>

Each year, Pride Foundation provides educational scholarships to current and future lesbian, gay, bisexual, transgender and straight-ally leaders and role models from **Alaska, Oregon, Idaho, Montana,** and **Washington**. There are over 50 different types of scholarships offered but only one application to complete. Pride Foundation's LGBT and straight ally scholarship program is one of the largest of its kind in the country. Students who have been stigmatized or isolated, because of their sexual orientation or gender identity often lack critical family, financial, and community support. Encouraging them to continue their education can be very challenging. Too often, individuals of great promise give up because they don't think anyone believes in them or cares what they have to contribute. Pride Foundation also recognizes students who may not be gay, lesbian, bisexual or transgender, but who have contributed to the LGBT community. These may be the children of LGBT parents, or just friends of our community whose leadership skills we want to foster.
